

WIN! *The Lust List*

From a discreet diffuser to get your home smelling sweet to the perfect wear-with-everything necklace, here's what we're crushing on this week...

YOU'VE PAID YOUR rent, cleared your credit card and your bank balance is telling you you're rich (well sort of) so the natural instinct will be to splurge and treat yourself to something special, right? There's nothing better than spending your

hard-earned cash on something a little bit pricey. And while we don't advocate blowing the budget on something that will leave you broke and eating beans for the next 20-something days, there's nothing wrong with a little self-gifting from time to time. Plus, the way we look at it – especially at

this time of year – you'll probably end up spending the money on other things anyway, so why not invest in one big thing instead?

Here's what caught our eye this week so don't forget to check out evoke.ie/style to win a fabulous Petalwell diffuser!
